Brunel Air Cargo is the air freight division for the Brunel Group of companies, and was established to provide innovative and customer centric freight forwarding solutions by air freight. We believe in investing for the future and the core to our success is our people, infrastructure and information technology.

The way we bring success to our customers business is also in the reinvestment and evaluation of our business processes, and managing the constant changing environment by becoming an extension of their business, by offering dedicated account management and listening to your needs and requirements.

Our modern and fully equipped facility at Heathrow has the capabilities of providing a full service import and export warehousing solution, we partner with our contracted air cargo hauliers to provide same day and next day collections & deliveries across the UK & Ireland.

Brunel Air Cargo have strategic partnerships with a fully comprehensive and approved supplier base, with the same ethos and goals to ensure that each shipment is handled with precision and quality from start to finish
